

Proposed Domestic Abuse (Prevention) (Scotland) Bill

Introduction

A proposal for a Bill to make provision for the prevention of domestic abuse and improve support for those affected, including by requiring: those convicted of offences related to domestic abuse to provide information for a register; use of this information to prevent further harm; use of rehabilitation measures in relation to offences related to domestic abuse; collation and reporting of data related to domestic abuse; and domestic abuse education in schools.

The consultation runs from 29 August 2022 to 20 November 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:
