

Proposed Domestic Abuse (Prevention) (Scotland) Bill

Introduction

A proposal for a Bill to make provision for the prevention of domestic abuse and improve support for those affected, including by requiring: those convicted of offences related to domestic abuse to provide information for a register; use of this information to prevent further harm; use of rehabilitation measures in relation to offences related to domestic abuse; collation and reporting of data related to domestic abuse; and domestic abuse education in schools.

The consultation runs from 29 August 2022 to 20 November 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

Aim and approach - Note: All answers to the questions in this section may be published (unless your response is "not for publication").

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

Fully opposed

Please explain the reasons for your response.

A register for this is obscene, why do we not have a register for all types of crime. I also feel this bill is mainly aimed at men, yet nothing about abuse aimed towards men. I am fine with measured being put in place to protect people but a register for this is absolutely madness

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

The bill should be more equal and help men just as much as children. A biased and sexist bill

Domestic Abuse Register

Q3. Which of the following best expresses your view on creating a register of those convicted of domestic abuse related offences?

Fully opposed

Please explain the reasons for your response. Please include any views you have on the list of policy details set out in bold on pages 23 and 24 of the consultation document.

Unfortunately the scottish justice system isn't always right. I think if we look at the Johnny depp case we cannot always believe either side. You could be damaging an innocent person's life for the rest of their lives.

Rehabilitation Measures

Q4. Which of the following best expresses your view of introducing mandatory rehabilitation measures for those convicted of domestic abuse?

Partially supportive

Please explain the reasons for your response. Please include any views you have on the list of policy details set out in bold on page 26 of the consultation document.

I think if it is serious then yes that would be good for people

Data

Q5. Which of the following best expresses your view of the proposals for data collection and reporting set out in the consultation document in bold on pages 30 and 31?

Fully opposed

Education

Q6. Which of the following best expresses your view of introducing mandatory education in schools on domestic abuse?

Partially supportive

Financial Implications

Q7. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

a significant increase in costs

Please explain the reasons for your answer, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.

Maintenance of a list - much more convictions for minor crimes - ie a domestic argument and breach of the peace.

Equalities

Q8. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.

Innocent people struggling to find work for the rest of their lives. Or if someone has made one mistake not helping them recover and move on with their name tarnished on a list

Sustainability

Q9. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? (If you do not have a view then skip to next question)

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

Think my previous response explains the sheer stupidity of this idea

General

Q10. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

No Response
